

The Dog Dazzlers

How Often Should My Pet Be Groomed?

Fluffy Groom
4 - 6 Weeks

Short (Not Shaved)
7 - 9 Weeks

Shaved
10 weeks +

Too long of an interval between grooming increases probability of matting which adds risk of injury and discomfort for your pet

Type of Groom

We always strive to complete grooms according to your request; however, the condition of your dog's coat will impact the length/style that is possible.

Price Changes

Please note this is only a price guide and your pets groom will ultimately be priced on the weight, height, condition and length of coat, and your dogs behaviour.

If your dog hasn't been groomed for over 12 weeks please let us know prior to your appointment

Arriving on Time

If you are running more than 15 minutes late please contact us as your appointment will need to be re-scheduled and a cancellation fee may apply. We run on a tight schedule and even a 10 minute delay can push our groomers and bathers behind.

Cancellation Policy

If your dogs groom is cancelled less than 24-hours before the appointment time, or you do not show up for your pets scheduled appointment you will incur a cancellation fee of 50% of the cost of the groom. If you miss more than two appointments in a row pre payment will be required for future bookings.

Collection

All pets must be collected within 90 minutes of being notified that your pets groom has been completed or we will charge a late pickup fee of \$20 per additional hour. If you need to keep your dog here for longer you will need to arrange a daycare reservation prior to your appointment.

The Dog Dazzlers

Additional Costs

- Condition of Coat** - Long Hair, Knotty Hair, Matted Hair or a Compacted Undercoat
- Extra Handling** - Aggression, Reactivity, Unable to Stand Still or Without Support
- Complexity of Groom** - Any extra requests (Creative Grooms, Extra Scissor Work etc)
- Matting** - Shaving out mats isn't a quick fix; it's a slow, meticulous process.

Lets Talk Matting

Please remember shaving out mats is the safest and kindest option for your dog, as trying to brush out mats can be painful and may lead to further complications. We work carefully in sensitive areas to avoid nicks or cuts, as warts, moles, and skin folds can be hidden within mats.
